

UX Designer

Coimbra, Porto, Aveiro, Leiria - Portugal

WIT is looking for passionate UX Designers to create unique experiences for our clients, major Telecom Operators all over the world. Focused on usability, simplicity and elegance you will devise user-interfaces for mobile/web/TV applications.

Key Responsibilities

- Work directly with Product Managers, Designers and Developers on UX best practices;
- Create wireframes, storyboards, sitemaps and screen flows;
- Work across multiple platforms (iOS, Android, Mobile Web, Web, PC, TV) to create cohesive product experiences;
- Lead usability testing and feedback loops;
- Capture feedback and produce UX documentation.

Additional Information

- **Job Location:** Coimbra, Porto, Aveiro, Leiria (Portugal)
- **Position Type:** Full-time

Requirements

- Critical thinking and writing skills;
- Experience working on complex systems and applications;
- Understanding of information architecture, hierarchy, and UX design principles in general for all major platforms (iOS, Android, Web);
- Great communication skills;
- Knowledge of Adobe CS, Sketch and Invision;
- Knowledge and experience with the range of UX processes and methodologies;
- Solid experience with wireframing;
- Portfolio of user-centric interfaces, focused on usability;
- Is a plus to have experience with:
 - Production of trendy content for social media;
 - Design of Mobile Apps or websites;
 - Creation of distinctive presentations (Keynote or Power Point).
